

Quarry Operator

Compensation: \$ DOE

Employment type: Full Time

We are seeking an enthusiastic team player to join us in our growing business. Our new team member will conduct quarry operations and various aspects of dimensional stone quarrying, including drilling, movement of material, and staging material for shipping or inventory. They will also assist in our fabrication facilities with natural cut stone activities. This position also includes general maintenance and cleanliness of existing quarry sites and machinery operated.

Additional requirements include

- Dimension stone quarry and/or closely related experience required – i.e. surface mine experience
- Rock solid and safe forklift/skid steer and heavy machinery experience
- Positive attitude and great work ethic
- Ability to multi-task
- Detail oriented
- Phenomenal communication skills
- Independent worker who can collaborate with team
- Self-motivated and able to adapt to varying work environments
- Enjoys working outdoors in all types of weather
- Can lift up to 50 lbs frequently; 100 lbs occasionally
- Excellent math skills and accurate use of a tape measure
- Reliable transportation
- Good attendance record

Work Conditions

- 80% outdoor environment – rain or shine, 15% fabrication, 5% indoor office environment
- Full time hours (working hours may vary by season)
- Some off site work may be needed

Qualified candidates may apply with their completed application (online) via email to
